- The ballot clearly states the list of candidates arranged in alphabetical order; the name of the shareholder or authorized representative, the number of shares, and the total

number of votes.

- Each shareholder or authorized representative attending the Company's 2026 Extraordinary General Meeting of Shareholders will be issued one ballot for the election of additional members to the Board of Directors.

d) Ballots that do not vote for anyone or vote for more people than the number allowed.

Article 9. Election methods

1. The voting for members of the Board of Directors is conducted by secret ballot and cumulative voting; accordingly, each shareholder has a total number of votes corresponding to the total number of shares owned multiplied by the number of additional members to be elected to the Board of Directors. Specifically as follows:

- Number of additional members to the Board of Directors: 1 person;

2. The number of shareholder votes is calculated as follows:

- Number of additional votes for Board of Directors members: This is the number of shares owned and/or represented by a shareholder multiplied by the number of Board of Directors members to be elected. Shareholders have the right to use or not use part or all of their total votes for a candidate.

3. Election method:

- Shareholders have the right to:

+ Cast all your votes for one person, or:

+ The votes may be divided equally among all candidates on the list of nominees approved at the Congress, or according to different voting ratios.

+ It is possible to divide the votes among fewer people than the number on the list approved at the Congress, according to different voting ratios.

- Shareholders must ensure that the total number of votes on each ballot for the election of additional members of the Board of Directors does not exceed the total number

of votes as stipulated in Clause 1, Article 9 of these Regulations.

- Shareholders who do not vote for a particular candidate should leave the box containing that candidate's shareholding number blank.

For example: Shareholder X, representing 2,000 shares (including 1,000 shares owned and 1,000 shares authorized by proxy) at the General Meeting, has the right to vote. When participating in the election of additional Board members, the shareholder's number of votes is: $2,000 \times 1 \text{ person} = 2,000 \text{ votes}$ (The list of nominees approved by the General Meeting includes 2 candidates). Shareholder X can cast cumulative votes using the following methods:

+ Case 1: Shareholder X casts all 2,000 votes for one candidate to elect an additional member to the Board of Directors (as in the case below, all votes were cast for Nguyen Van A):

No.	Candidate's full name	Number of votes
1	Nguyen Van A	2,000
2	Nguyen Van B	
	Total votes (Not more than 2,000 votes)	2,000

+ Case 2: Shareholder X divides the proceeds equally among the candidates for the by-election to fill the vacant position on the Board of Directors as follows:

No.	Candidate's full name	Number of votes
1	Nguyen Van A	1,000
2	Nguyen Van B	1,000
	Total votes (Not more than 2,000 votes)	2,000

Case 3: Shareholder X divides their votes among several candidates according to different vote ratios as follows:

No.	Candidate's full name	Number of votes
1	Nguyen Van A	500
2	Nguyen Van B	1,500
	Total votes (Not more than 2,000 votes)	2,000

Note:

- Shareholders who do not vote for a particular candidate should leave the box containing that candidate's shareholding number blank.

- Shareholders must ensure that the total number of votes cast for additional candidates to the Board of Directors does not exceed the total number of votes entitled to that shareholder (as stipulated in Clause 1, Article 9 of these Regulations).

Article 11. Vote counting committee, voting and vote counting principles

d) The results of the vote count shall be documented and announced by the Head of the Vote Counting Committee to the Congress.

Article 12. Principles for determining the election of Board of Directors members

The candidate elected to the Board of Directors is the one candidate with the highest number of votes.

According to Clause 3, Article 148 of the Enterprise Law 59/2020/QH14, "Voting for members of the Board of Directors and the Supervisory Board must be conducted using cumulative voting, whereby each shareholder has a total number of votes corresponding to the total number of shares owned multiplied by the number of members to be elected to the Board of Directors or the Supervisory Board, and shareholders have the right to allocate all or part of their total votes to one or more candidates. The elected members of the Board of Directors or the Supervisory Board are determined by the number of votes received, from highest to lowest, starting with the candidate with the highest number of votes until the number of members stipulated in the company's charter is reached. In the event that two or more candidates receive the same number of votes for the last member of the Board of Directors or the Supervisory Board, a re-election will be held among the candidates with the equal number of votes, or a selection will be made according to the criteria stipulated in the election regulations or the company's charter."

Based on the above regulations, the General Meeting recognizes the results of the election of additional members to the Board of Directors as follows:

- The candidates elected to the Board of Directors are determined by the number of valid votes cast, from highest to lowest. The selection process begins with the candidate

receiving the highest number of votes and continues until the required number of additional Board members is reached, as stipulated in Clause 1, Article 9 of these Regulations.

- In the event that two (02) or more candidates receive the same number of votes and need to be eliminated in order to be elected as additional members of the Board of Directors as prescribed, the person who owns and/or represents the ownership of more shares will be selected. If the number of shares owned and/or represented is equal, a re-election will be held among these candidates to select.

Article 13. Preparation and publication of the vote counting minutes.

1. After counting the votes, the Election Committee must prepare a vote counting report. The report shall include: the total number of shareholders attending the meeting, the total number of shareholders participating in the vote, the percentage of voting rights of shareholders participating in the vote compared to the total number of voting rights of shareholders attending the meeting (according to the cumulative voting method), the number and percentage of valid votes, invalid votes, and blank votes; the number and percentage of voting rights for each candidate for the Board of Directors; and the list of elected members of the Board of Directors arranged in descending order of the number of votes received.

2. The full text of the vote count report must be published before the Congress.

Article 14. Any complaints regarding the election and vote counting will be resolved by the Chairman of the General Meeting and recorded in the Minutes of the Shareholders' General Meeting.

This Regulation consists of 14 Articles and takes effect immediately after being approved by the 2026 Annual General Meeting of Shareholders of Vinacomin Investment, Trading and Service Joint Stock Company; it applies solely to the candidacy, nomination, and supplementary election of members to the Company's Board of Directors for the remainder of the 2025-2030 term at the 2026 Extraordinary General Meeting of Shareholders of Vinacomin Investment, Trading and Service Joint Stock Company./.
